Adventure Places.

Hög Adventure Park. Schneisenfeger Family Coaster.

Everything at the Hög Adventure Park is about Alpine farming and forestry. Lots of playing stations around the Högsee lake offer lots of fun and excitement for all the family. The rustic Seedim Hög restaurant surprises with trendy vegetarian / vegan cuisine and fish specialities. The Schneisenfeger Family Coaster promises fun and action for the whole family. The summer toboggan track runs from the Alpkopf to the Högsee lake, the entry is at the old sawmill, right next to the lake. Playfully back to Serfaus: If you don't want to return with the Alpkopfbahn, you can easily make your way back to the bottom station in Serfaus via the buggy-friendly wooden ball path. Numerous stations invite you to transport a wooden ball from the mountain to the valley. Wooden balls are available directly at the entrance, and the walking time is approximately 50 minutes.

Murmliwasser, Serfaus.

Water, sand and many interactive play stations guarantee an exciting and varied day at the Murmliwasser. In the large outdoor marmot enclosure, you can watch our marmots as they feed, play or simply hang around. The water forest and retention zone provide the perfect refreshment on hot summer days. Enjoy warm & cold snacks, drinks and homemade icecream on our Murmli Kiosk terrace.

Georama Lassida, Serfaus.

The Georama Lassida at 2,350 meters above sea level opens an insight to the world of geology and archaeology for all explorers and hobby scientists. At its linchpin – the giant excavation area made of sand – various fossils are hidden. Equipped with a shovel and a hand brush, the mission is to find them. That's how searching for fossils becomes a true adventure for the whole family. Georama circular trail Lazid: The approx. 2 km long, interactive circular trail from Lazid to the mountain station of the Lawensbahn and back is suitable for baby carriages and guarantees a fantastic panoramic view.

Georama Serfaus.

Summer Fun Park Fiss.

The Summer Fun Park Fiss, located on the Möseralm, is the perfect playground for everyone who loves action. Zoom through the skies at 80 km/h with the Fisser Flieger. The very brave get their thrills from the Skyswing, which runs at three different levels of difficulty. Starting at Möseralm, the 2.2 km long summer toboggan run "Fisser Flitzer" leads you down to Fiss and holds plenty of surprises. You are in complete control when it comes to braking and accelerating. There are loads of other family's attractions to discover: jump tower, trampoline, slacklines, electric cars, water playground, air slide, kids' zoo or the new wooden ball game.

Children's Mine and Golden Man Trail, Fiss.

A giant, called "Golden Man", retreated into the Fiss mountains for some peace and quiet and he grew into the rock. Since then, there has been a seam of gold in the rock – the golden heart of the man. Gnomes dug for the gold until a brave herdsman and his friends stopped them. The quarry was converted into a perfect play paradise. This is where mine workers of all ages can enjoy a range of exciting activities, including balancing devices, climbing frames, a labyrinth and an adventure cave tunnel. That's where the Golden Man Trail begins: 11 educational stops packed with lots of surprises await you along this adventure trail. Below the Fisser Joch ridge lies the Schöngampalm restaurants with a children's farm, bike rental and the Almbahn cable car nearby.

Wolfsee lake, Fiss.

The circular path near Fiss winds harmoniously through the gentle, hilly landscape and is well worth a visit – if only provide a feast for the eyes. On the banks of the lake, a top-class sensory experience for adventurous and curious kids. Here they can playfully learn about the behavior and lifestyle of the lynx, wolf and bear.

Golden Man Trail, Fiss.

Wode bath, Ladis.

Once upon a time a legendary giant lived in the mystical forest above the Gasthof Neuweg. An oasis of quiet and relaxation with a kids' playground and a barbecue area! A pleasant circular hiking trail runs beside the Wode bath with many amazing and relaxing stations. Not far from the Wode bath is the beautiful and quiet secluded location of the Wode tower at an altitude of 1,487 m, which offers a breathtakingly beautiful panorama view of Ladis, the Inntal and the Kaunertal valley.

Adventure Mountains.

Enjoy exciting natural experiences! (for children from 5).

Thomas Brezina's Adventure Mountains, our three adventure hiking trails for families, will both captivate and mesmerize young visitors. Children can discover their natural surroundings (plus much more) in a playful manner and solve all manner of puzzles, just like detectives do! The colourful Adventure Booklet is available at the cable car ticket offices as well as information offices of the Serfaus-Fiss-Ladis Tourist Board. The income arising from "Country Charity – We are Family" is used a 100% for social, local projects. "Country Charity – We are Family" is under the patronage of Thomas Brezina.

Pirates' Trail, Serfaus.

During a stormy night, a ghost ship was sighted. On board: Captain Pepper and Sailor Chili. To make matters worse, the ship and its crew have been cursed! Now the master detectives are needed – they have to find the treasure! But where's the chest hidden and what kind of treasure is inside?

Witches' Trail, Fiss.

Peppina the little witch and her brother Fips need help! There was an explosion on the Witches' Trail – the two young wizards have blown up the witches' house! Lots of objects have been flung through the air and are scattered along the trail.

Explorers' Trail, Ladis.

Huh? All of a sudden, all the hikers have shrunk and see everything from an ant's perspective. What happened? All we know is that a strange explorer's house was discovered in the forest. A dream come true for every child with a curious and inventive mind!

Wildtierweg, Fiss.

Searching for clues in the wilderness – discover the local wildlife interactively!

The new „Wildtierweg“ (wildlife trail) is a digital search-and-puzzle adventure with AR interactions, taking you on an exciting journey into the world of local wildlife. Here, young and old explorers can experience birds of prey and other animals up close and learn lots of fascinating facts. This trail leads from the Fisser Kraft- & Sinnesweg to the Frommes Alp and combines nature experience and knowledge in a playful way.

(Walking time: 30 minutes without using the app)

Discover the local wildlife now with the SFL app!

Caching Park.

The trendy version of a treasure hunt.

Once upon a time, Stone Age men used to throw themselves on their stomachs on the ground to pick up the scent and read the traces of the animals they wanted to hunt. Detectives and inspectors used a magnifying glass to track down evildoers. Nowadays, there's geocaching with a smartphone, QR code and lots of technical intricacies. Take your kids on a modern-day scavenger hunt!

With the Wo-Bä-Lu Cache in Fiss, the Bear Cache and Gold Cache Högsee in Serfaus and the Interactive Village Tour in Ladis, the Serfaus-Fiss-Ladis holiday region offers four geo-caching opportunities for all ages. Simply scan the QR code to download the Serfaus-Fiss-Ladis app, where you can find Geocaching in the top left menu.

Action with the whole family at the kids' clubs.

Pirate Rally.

During one of his legendary sea voyages, Pirate „Hinkelbein“ lost his memory. The only thing he can remember is that he hid a great golden treasure in a deserted bay. With a hand painted map, some hidden clues and a pirate compass, venture out to find the old message in a bottle.

Forest adventure.

On the way into the forest, we collect branches, leaves and moss so that we can then build a forest hut. Of course, a forest ball track is also a must. Finally, we play forest memory.

Let's rock the kitchen.

Are you creative and enjoy cooking? Then come to our cooking course and we'll prepare your favourite dishes with you. Whether it's homemade pasta, mashed potatoes with minced meat or pancakes with vanilla ice-cream. After all the fun in the kitchen, we will all enjoy our home cooked 3-course meal together.

Craft buffet in Fiss.

Whether a Berta mobile, a Berta clock, a T-shirt or porcelain painting – everything and much more is possible. Come along and make your own souvenir to take home.

Kids' Clubs.

Probably every child dreams of a huge adventure playground with animals, mountains, streams and forests where there's always something new to discover behind each rock. A place where they make lots of new friends and have fantastic fun with them on thrilling excursions, playing exciting games and doing great activities.
